Thank you to all donors who participated in our "209Gives" fundraiser in July! Your contribution is vital to our work and it's only through supporters like you that Tracy CCC will achieve our mission.

And while 209Gives is over, you can continue to help at any time conveniently and securely through our website at: www.TracyCCC.org/donations.

Thank you for your generosity!

Food for Body and Soul

United Way
of San Joaquin

Tracy CCC is truly blessed to receive a generous donation from

United Way of San Joaquin! This contribution will help #TracyCCC to continue serving the unsheltered in our local community, especially during these unprecedented times. Thank you!

A Success Story...

A woman (we'll call her "L") was on the waiting list for low-income housing development in Tracy for 2 years. During that time "L" moved out of state to live with relatives. One day last month she received notification from the housing development that a unit was now available for her. So she packed up her family and all their belongings and came back to California. When "L" arrived, she was told that she was #30 on the waiting list and it could be up to a couple years longer before she could move in. "L" came to Tracy CCC for help because she had nothing—no friends, family, money or home. Tracy CCC provided 3 nights at a motel, then got her into a family shelter. Recently the woman called to say she found an apartment in Lodi, where a relative agreed to co-sign, and "L" had \$500 saved out of the \$950 deposit she needed to move in. Tracy CCC paid the remaining \$450 to the landlord and the woman and her family moved in on July 25th.

From the Editor's Desk ...

The first six months of 2020 were certainly unsettling and a challenge for people all around the globe. The COVID-19 pandemic affected the way businesses operate, and Tracy CCC was no exception.

In the interest of the safety of our clients, staff and volunteers, our shower events were suspended, churches began serving daily meals "To Go" style and our Case Managers continued to provide services by isolating and working from home. But through a collaboration with the City of Tracy, Tracy CCC was able to resume our Mobile Shower Unit in early June, and we are now serving more clients than ever before at former South County Fire Station #96 at 301 W. Grant Line Rd. (near El Pescadero Park).

We have a lot to look forward to in the 2nd half of 2020, with some exciting opportunities coming our way to serve our Tracy community. Stay tuned!
